

Title: Friendship Evangelism 2 (AA)

Age range: This can be used by any age, as long as they can write and reach the net.

Theme / Motivation

Hang a net across the ceiling and write the names of people you are praying for on a parcel tagging. Lay under them and pray for people, laying there is a bit like laying under a tree with all its leaves, seeing how many people are affected by the users of the prayer room is really inspiring to see each one of those leaves grow in to there own relation ship with God is really exciting

Design / Structure

Hang a net across the ceiling and write the names of people you are praying for at the moment and ask God to show you more of your non-Christian friends. Write them on parcel tag (left) and tie each one of these to the net, then lay under it looking up at all the people that are affected by those who are using the prayer room, pray for the people you have added and pray for names that others have added. You can even put a couple of prayer points on the back for others (don't write anything to personal!) This is a great idea when you r trying to brake up a large area as lowering the ceiling helps define an area. Make a sign explaining how to do the activity... 'Write the names of the people your praying for and anyone else you want to become a Christian on a parcel Tag (one name per tag) and hang them to the net. Lay under and pray for them and others'.

Materials

Pens
Parcel tags
String for the net & the parcel tags
Scissors
Net

Ways this could be adapted

This idea can be used in many other ways, it doesn't need to be evangelistically focused you could use this idea as a wailing wall.
