

**Title:** Prayer For Your Area / Community (AA)

**Age range:** This can be used by any age, as long as they understand the map!

### **Theme / Motivation**

Do you have specific location or Events in your area you want people to commit to? If so get a map of your City / Town / Village, add to it any initiatives you're particularly promoting or places that need a bit more Jesus like hospitals, homeless shelters, police stations, red light area's, prolific drug areas, streets where people in your church live, ect. And using an Ink pad put your unique mark (finger print) next to something your committing to support prayerfully, financially or practically this year. It might be an activity, organization or it might be people you know or your street, anything!

### **Design / Structure**

Stick a large map on the wall or floor (not to high or the Children wont be able to reach) and then Hi-light different areas like hospitals, homeless shelters, police stations, red light area's, prolific drug areas, streets where people in your church live, ect. with postit notes or cards, giving a few short facts on what goes on there (statistics are good). Then tie an ink pad to the map with sting and write a sign saying 'put your unique mark (finger print) next to something your committing to support prayerfully, financially or practically this year'.

### **Materials**

Map of the area

Postit notes / small cards

Inkpad

String

Blue/white tac to hold up the sign & map

A bowl of water and a towel to wash fingers in.

### **Ways this could be adapted**

Using the inkpad and finger print idea this is just a way of getting people to agree in prayer about something, you could use this on anything.
